

twilight

Fully transparent, high quality Perspex gate in an elegant and contemporary design. Unique and very eye catching LED illumination with color options. The perfect solution for stores with modern interior.

* variations

* accessories

The **twilight** system is compatible with any RF tag and label types as well as with **loxys** media safers.

- * round hard tags
- * teardrop hard tags
- * soft tags (for thinner clothing, like fine lingerie, etc.)
- * self-adhesive, deactivatable paper labels
- * self-adhesive, non-deactivatable paper labels
- * laminated tags
- * and a wide variety of other RF accessories!

* benefits

- * best quality Perspex from the German Plexiglas factory
- * 3 color variations available as TX/RX or TRX systems
- * the systems self-tuning capability tests the environment and adapts to cope with externally electrical noise which could cause false alarms
- * with its patented comparative tag signal recognition software the Twilight system provides a high level of operation reliability, making it much less prone to the outside disturbances that its historical predecessors suffered
- * available with integrated metal detection feature
- * self-adjusting electronics filters electrical disturbances using software solution
